

## Company Welfare Statement

Anpario believes in sustainable nutrition for all animals. We are leaders in natural feed additives for all classes of livestock, using ecologically beneficial technologies. All our products are designed and made using ingredients already listed and regulated by the Feed Additive Registers in the country where they are to be consumed or utilised.

All our natural feed additives positively contribute to safe food, secure food chains, the environment and both animal health and well-being. All our evaluation work adheres to high standards and applied ethical testing guidelines which are under constant review and improvement. Animal welfare has always been at the front and centre of our operating philosophy and will remain so.

This statement represents our commitment on behalf of the Company to our Welfare policy.
